

Overview

You will be supported by a Private Equity practice which offers the full range of funds services including the establishment of local and offshore funds, registration of prospectuses and offering documents, preparation and negotiation of investment documents, through equity, debt or equity linked securities.

Whether you are a fund, asset management company, local or foreign manager, international trustee corporation, private equity investor, venture capital fund, small and medium-sized enterprise (SMEs) or start up, benefit from an experienced team to provide advice on all regulatory aspects pertaining to the securities industry. Listed corporations rely on us for advice on legal and regulatory requirements, including continuing compliance requirements and standards of corporate governance imposed by the Singapore Exchange.

Our experience includes:

- Establishment of Singapore registered collective investment schemes (REITS)
- Establishment of offshore mutual funds
- Fund management industry arrangements and documentation
- Unit trusts
- Private equity and venture capital

Whether your business is local or global or anywhere in between, leverage the talent of your team—who are supported by colleagues in more than 50 countries around the world and are ready to assist you around the corner or around the globe.
