

## Overview

Rely on a Litigation and Dispute Resolution team that regularly provides comprehensive and effective strategies for dispute management and resolution defending clients from numerous industries.

Distinguished by wide ranging success in high profile, complex cases and by breaking new legal ground through securing important decisions, our team crafts effective, practical and commercially driven solutions to help you achieve favorable resolutions.

Led by a Senior Counsel—the Singapore equivalent to a Queen's Counsel in the UK—Philip Jeyaretnam, SC, the team works closely with you to manage domestic and international disputes in Singapore and abroad. Whether you find yourself in litigation, domestic and international arbitration, mediation or other alternative dispute resolution methods, benefit from an experienced team that knows your business.

We regularly advise corporations and statutory bodies on regulatory breaches and private prosecution cases and have acted in partnership disputes between local and international firms. Our portfolio of work includes high profile defamation cases, criminal defense representation cases involving corruption and securities offences.

Moreover, we are experienced in representing individuals in complex and contentious trust and probate cases, as well as handling a host of matrimonial and family law disputes, including matters involving foreign marriages and the division of high value matrimonial assets.
